

VII Anglo srpski dani anestezije
Virtual 05 – 07.11.2020.

PROGRAM

Kongres „VII Anglo srpski dani anestezije“ su tradicionalni kongres koje se održava na svake 4. godine i to naizmenično sa nacionalnim kongresom Udruženja anesteziologa i intenzivista Srbije (UAIS). Ove godine održaće se u novom formatu prateći sve epidemiološke mere. Odluka je da se kongres održi u virtualnom okruženju, ON LINE. Cela situacija nas tera da prihvatimo nove tehnologije i nove načine edukacije kako bismo približili sva nova saznanja svim lekarima kojima je želja da čuju i nauče nešto novo.

Ovaj skup okuplja najjemenitnije predavače, anesteziologe i intenziviste iz Srbije i UK. Saradnja dva udruženja anesteziologa, UAIS iz Srbije i AAGBI (Association of Anaesthetists of Great Britain and Ireland) iz UK, je dugotrajna i kongres je nastao iz zahvalnosti našim dragim kolegama iz UK koji su svoja znanja preneli našim prvim anesteziolozima u Srbije a oni zatim nastavili sa prenošenjem znanja na sledeće generacije mladih anesteziologa i tako sve do današnjih dana.

U čast prvog od njih na otvaranju će Predsednik AAGBI, dr Michael Natcinson, održati „Stanley Feldmann Tribute lecture“ dok će od strane našeg Udruženja anesteziologa i intenzivista biti održan „Profesor Lalević Tribute Lecture“.

Na predstojećem kongresu „VII Anglo srpski dani anestezije“ predviđeno je održavanje 8 zasebnih sesija i 1 plenarne sesije (otvaranje).

Dragi prijatelji očekujemo oko 800 polaznika i više od 30 izlagača, predstavljanje najnovijih saznanja od strane predavača iz UK i iz Srbije u sesijama od po 4 predavanja u svakoj, takodje će svaka u sebi imati i poseban osvrt na Covid-19 infekciju.

Četvrtak 05.11.2020.

05.11.2020.
18:00

OPENING CEREMONY AND PLENARY SESSION

Welcome addresses:

Prof. Dr Nebojša Lađević,

President of the organizing committee of Anglo-serbian days of anaesthesia 2020
President of Serbian Association of Anesthesiologists and Intensivists, Serbia
President of Serbian Pain Society, Serbia

Prof. dr Radmilo Janković,

President of the scientific committee of Anglo-serbian days of anaesthesia 2020
European Society of Anesthesiology (ESA) Secretary

05.11.2020.
18:03 - 19:10

PLENARY SESSION

Stenley Feldmann Tribute lecture - Sustainable Anaesthesia

Dr. Michael Nathanson - President of the Association of Anaesthetists (Association of Anaesthetists of Great Britain & Ireland and its related charity, AAGBI Foundation), London, UK

Prof. Lalević Tribute lecture - Anaesthesia and ecology

Assoc. Prof. dr Gordana Jovanović - Associate Professor., Professor in anaesthesia and perioperative medicine, Faculty of Medicine, University of Novi Sad, Novi Sad, Serbia, Clinic for Anaesthesia, Intensive Care and Pain therapy, Clinical center of Vojvodina, Novi Sad, Serbia

A dynamic Covid 19 immune signature includes associations with poor prognosis

Dr Manu Shankar Hari - MD, PhD, Peter Gorer Department of Immunobiology, School of Immunology and Microbial Sciences, King's College London, London UK, Department of Intensive Care Medicine, Guy's and Thomas' NHS Foundation Trust, London UK

Petak 06.11.2020.

06.11.2020.
10:00 - 10:30

Industry symposium Amicus

Uloga i značaj Dipeptivena kod kritično obolelih

Assoc. Prof. dr Dejan Marković - Assoc. Professor in Anaesthesia, Medical Faculty, University of Belgrade, Center for Anesthesiology and Resuscitation, Clinical centre of Serbia, Belgrade, Serbia

06.11.2020. 10:30 - 12:00	Session 3 - NUTRITION - guidelines and hot topics
	<p>Refeeding syndrome Prof Alastair Forbes - Emeritus Professor, Visiting Professor, University of Tartu, Estonia, University of East Anglia, UK;</p> <p>Nutrition of patients with SARS - CoV2 infections Prof. dr Ivan Palibrk - Professor in Anaesthesia, Medical Faculty, University of Belgrade, Center for Anesthesiology and Resuscitation, Clinical centre of Serbia, Belgrade, Serbia</p> <p>Nutritional support in children Assis. Prof. dr Marija Stević - Assistant Professor of Anesthesiology and resuscitation, MD, PhD, University children's hospital, Belgrade, Serbia. Medical Faculty, University of Belgrade, Serbia</p> <p>Nutrition in acute pancreatitis Assis. Prof. dr Marija Đukanović - Assistant professor , University of Belgrade, Faculty of Medical Sciences, Center for Anaesthesiology and Reanimatology, Clinic for Digestive Surgery of the Clinical Center of Serbia,</p>
06.11.2020. 12:00 - 13:00	Industry symposium Pfizer
	<p>Zavicefta u Jedinici intenzivne nege Prof. dr Ivan Palibrk - Professor in Anaesthesia, Medical Faculty, University of Belgrade, Center for Anesthesiology and Resuscitation, Clinical centre of Serbia, Belgrade, Serbia</p> <p>Zinforo-novi antibiotik u terapiji vanbolnicke pneumonije - Assoc. Prof. dr Dejan Marković - Assoc. Professor in Anaesthesia, Medical Faculty, University of Belgrade, Center for Anesthesiology and Resuscitation, Clinical centre of Serbia, Belgrade, Serbia</p>
06.11.2020. 13:00 - 14:30	LUNCH BREAK
06.11.2020. 14:30 - 16:00	Session 7 - AMBULATORY ANESTHESIA
	<p>Procedural sedation and analgesia in children Prof. dr Dušica Simić - Professor in Anaesthesia, Medical Faculty, University of Belgrade, University Children's Hospital, Belgrade, Serbia</p> <p>Successful Day Surgery in the UK Kim Russon - Consultant Anaesthetist, President, The British Association of Day Surgery (BADS), United Kingdom</p>

Propofol target controlled infusions (TCI) for ambulatory procedures in gastroenterology

Prim. dr Mirjana Kendrišić - Primarius,
Specialist in Anaesthesia and Reanimation,
General Hospital Sremska Mitrovica, Serbia

Sedation: basic concepts and their applications in clinical practice

Dr sci. med. Vera Vučićević - Dr sci. med., Specialist in Anaesthesia and Reanimation, Clinical centre of Serbia, Belgrade, Serbia

06.11.2020.
16:00 - 18:00

Session 1 - Sepsis - what will be our challenges in 21st Century

A FRESH Look at the Kidneys -

Prof. dr Lui G Forni - Professor,
Intensive Care Unit, Royal Surrey County Hospital NHS Foundation Trust
Department of Clinical & Experimental Medicine,
School of Biosciences & Medicine, University of Surrey
Past Research Chair and Current Secretary European Society of Intensive Care Medicine, UK

An update on biomarkers in Sepsis

Prof. dr Radmilo Janković - Associate Professor,
Clinic for Anesthesia and Intensive Therapy, Clinical Center Nis, Nis, Serbia,
School of Medicine, University of Nis, Serbia

Sepsis Survivors Prognosis Score (SSIP-score)

Dr Manu Shankar Hari - MD, PhD,
Peter Gorer Department of Immunobiology, School of Immunology and Microbial Sciences, King's College London, London UK, Department of Intensive Care Medicine, Guy's and Thomas' NHS Foundation Trust, London UK

Long Term Outcome in Sepsis

Assis. Prof. dr Jelena Veličković - Assis. Professor in Anaesthesia,
Medical Faculty, University of Belgrade, Center for Anesthesiology and Resuscitation, Clinical centre of Serbia, Belgrade, Serbia

COVID-19 and Sepsis

Prof. dr Goran Stevanović - specialist in infectious and tropical diseases
Director of the Clinic for Infectious and Tropical Diseases, Clinical Center of Serbia, Belgrade, Faculty of Medicine, University of Belgrade

06.11.2020.
18:00 - 19:40

Industry symposium MSD
Lečenje kritično obolelih pacijenata

Panel "Primena antibiotika kod komplikovanih bolničkih infekcija"

Realnost potrebe korišćenja novih antibiotika u terapiji MDR Gram-negativnih bakterijskih infekcija

Prof. dr Goran Stevanović - specialist in infectious and tropical diseases
Director of the Clinic for Infectious and Tropical Diseases, Clinical Center of Serbia, Belgrade, Faculty of Medicine, University of Belgrade

Zerbaxa u terapiji bolničkih i ventilacionih pneumonija

Prof. dr Radmilo Janković - Associate Professor,
Clinic for Anesthesia and Intensive Therapy, Clinical Center Nis, Nis, Serbia,
School of Medicine, University of Nis, Serbia

Zerbaxa u terapiji komplikovanih abdominalnih infekcija

Prof. Dr Ivan Palibrk - Professor in Anaesthesia,
Medical Faculty, University of Belgrade, Center for Anesthesiology and Resuscitation, Clinical centre of Serbia, Belgrade, Serbia

Zerbaxa u terapiji komplikovanih urinarnih infekcija

Prof. dr Nebojša Lađević - Professor in Anaesthesia,
Medical Faculty, University of Belgrade, Center for Anesthesiology and Resuscitation, Clinical centre of Serbia, Belgrade, Serbia,

Panel "Reverzija NM bloka"

Bridion i bezbednost hirurških pacijenata

Prof. dr Nebojša Lađević - Professor in Anaesthesia,
Medical Faculty, University of Belgrade, Center for Anesthesiology and Resuscitation, Clinical centre of Serbia, Belgrade, Serbia,

Reverzija NMB – gde je opravdana primena Bridiona?

Prof. dr Ivan Palibrk - Professor in Anaesthesia,
Medical Faculty, University of Belgrade, Center for Anesthesiology and Resuscitation, Clinical centre of Serbia, Belgrade, Serbia

10 godina iskustva sa lekom Bridion - lekcije koje smo naučili

Prof. dr Radmilo Janković - Associate Professor,
Clinic for Anesthesia and Intensive Therapy, Clinical Center Nis, Nis, Serbia,
School of Medicine, University of Nis, Serbia

Subota 07.11.2020.

<p>07.11.2020. 10:00 - 11:00</p>	<p>Industry symposium Astellas Invazivna kandidijaza kod kritičnih bolesnika</p>
	<p>2020: šta se promenilo? Prof. dr Ivan Palibrk - Professor in Anaesthesia, Medical Faculty, University of Belgrade, Center for Anesthesiology and Resuscitation, Clinical centre of Serbia, Belgrade, Serbia</p> <p>Lečenje kandidijaze uzrokovane sojevima koji se potencijalno teže leče Assis. Prof. dr Jelena Veličković - Assis. Professor in Anaesthesia, Medical Faculty, University of Belgrade, Center for Anesthesiology and Resuscitation, Clinical centre of Serbia, Belgrade, Serbia</p> <p>Biofilm: smernice i naša iskustva Prof. dr Radmilo Janković - Assocoate Professor, Clinic for Anesthesia and Intensive Therapy, Clinical Center Nis, Nis, Serbia, School of Medicine, University of Nis, Serbia</p> <p>Izazovi u dijagnostici gljivičnih infekcija Prim mr sci med Snežana Jovanović - Direktor Službe za mikrobiologiju Kliničkog centra Srbije, Specijalista mikrobiologije sa parazitologijom, Subspecijalista parazitologije.</p>
<p>07.11.2020. 11:30 - 12:40</p>	<p>Session 5 - Blood and more</p>
	<p>Scientific dissemination during the COVID-19 pandemic' Michael Charlesworth - consultant in cardiothraocic anaesthesia, critical care and ECMO at Wythenshawe Hospital, Manchester</p> <p>Fibrinogen in trauma Assoc. Prof. Dr Vojislava Nešković - Associated Professor in Anesthesia and Intensive Care, Military Medical Academy, Belgrade, Serbia</p> <p>Blood management in Cardiac Surgery Assos. Prof. dr Aamer B Ahmed - FRCA FESC FACC FHEA Honorary Associate Professor, Department of Cardiovascular Sciences, University of Leicester, Consultant Cardiothoracic Anaesthesiologist, Department of Anaesthesia and Critical Care, Glenfield Hospital, University Hospitals of Leicester NHS Trust, Leicester, UK</p> <p>Desmopresin (DDAVP) in bleeding disorders Dr Igor Vasković - Specialist in Anesthesia and Intensive Care, Military Medical Academy, Belgarde, Serbia</p>
<p>07.11.2020. 12:40 - 13:30</p>	<p>LUNCH BREAK</p>

07.11.2020. 13:30 - 15:00	Session 4 - AIRWAY MANAGEMENT
	<p>COVID-19 and Airway Management. What do we know now? Dr Andrey Varvinskiy, MD, DA(UK), DESA, FRCA Department of Anaesthesia, Torbay Hospital, Torquay, Devon, UK</p> <p>Perioperative airway management in children: proper planning prevents poor performance Assoc. Prof. dr Ivana Budić - Assoc. Professor, Medical School, University of Nis, Serbia, Clinic for Anesthesiology and Intensive Therapy, Clinic for Pediatric Surgery and Orthopedics, Clinical Centre Nis, Serbia</p> <p>Airway disasters in the ICU Assis. Prof. dr sci. med. Vladimir Dolinaj - MD; PhD, Clinic for Anesthesia and Intensive Therapy, Clinical Center of Vojvodina, Novi Sad, Department for ENT anesthesia</p>
07.11.2020. 15:00 - 16:30	Session 2 - Mechanical ventilation
	<p>ECMO in COVID-19 patients Prof. dr Luigi Camporota - Department of Adult Critical Care; Guy's & St Thomas' NHS Foundation Trust, Senior lecturer at King's College London, England</p> <p>Weaning of mechanical ventilation Assis. Prof. dr Dragana Unić Stojanović - assistant Professor, Medical Faculty, University of Belgrade, Institute for cardiovascular disease Dedinje, Belgrade, Serbia</p> <p>Non invasive mechanical mechanical ventilation in COVID-19 patients Assoc. Prof. dr Dejan Marković - Assoc. Professor in Anaesthesia, Medical Faculty, University of Belgrade, Center for Anesthesiology and Resuscitation, Clinical centre of Serbia, Belgrade, Serbia</p> <p>Indications for mechanical ventilation Assis. Prof. dr Miodrag Milenović - Assis. Prof. dr Miodrag Milenović - Assistant Professor at the University of Belgrade, Faculty of Medicine, Belgrade, Serbia, Head of Anaesthesiology section in Operation Room, Department of Anaesthesiology and Resuscitation, Emergency Center, Clinical Center of Serbia</p>
07.11.2020. 16:30 - 18:00	Session 6 - PAIN
	<p>Chronic postoperative pain Prof. Dr Nebojša Lađević - Professor in Anaesthesia, Medical Faculty, University of Belgrade, Center for Anesthesiology and Resuscitation, Clinical centre of Serbia, Belgrade, Serbia,</p>

Top ICU secrets: chronic pain and opioid dependence

Prof. dr Dušica Stamenković - Professor in Anesthesia, Medical School, University of defanse, Belgrade, Serbia, Department of Anesthesiology and Intensive Care, Military Medical Academy, Belgrade, Serbia,

Pain and Covid 19

Dr Olivera Potparić - Associate Specialist in Anaesthesia and Pain Management, Chelsea and Westminster NHS Foundation Trust, London, UK,

APMN – Academic Pain Management Network

Prof. dr Predrag Stevanović - Professor in Anaesthesia, Faculty of Medicine, University of Belgrade, Belgrade, Serbia, Specialist of Anaesthesia and Resuscitation, Clinical centre of Dr Dragiša Mišović, Belgrade, Serbia,

07.11.2020.
18:00 - 19:00

Industry symposium Hemofarm
Tapentadol – nove mogućnosti lečenja akutnog i hroničnog bola

Tapentadol - novi opioid sa dualnim mehanizmom delovanja

Prof. dr Nebojša Lađević - Professor in Anaesthesia, Medical Faculty, University of Belgrade, Center for Anesthesiology and Resuscitation, Clinical centre of Serbia, Belgrade, Serbia,

Tapentadol u terapiji hroničnog malignog i nemalignog bola kroz prikaz slučajeva

Prof dr Ivan Palibrk - Professor in Anaesthesia, Medical Faculty, University of Belgrade, Center for Anesthesiology and Resuscitation, Clinical centre of Serbia, Belgrade, Serbia
